

## Visiting Tata Steel in IJmuiden

### Safety and route information

#### General

The industrial site of Tata Steel in IJmuiden is approx. 750 ha. The size of nearly 1,500 football fields. A surface comparable to, for example, the Municipality of Bussum. Keep in mind that factories and office locations can be located at a great distance. In order to ensure that you are on time, we advise you to take this into account when choosing your transport and planning your travel time. Due to the safety and the large distances we advise you to use a bicycle or car.

#### How to reach Tata Steel in IJmuiden

Tata Steel in IJmuiden is easy to reach with your own transport (bicycle/car). You can download a [route description](#) here.

There is sufficient parking space on our property. Public transport brings you to Beverwijk station. From there you need to take your own transport to the location of your appointment.

#### Visitor pass and safety equipment

As a visitor to our company site you must be in possession of a personalized visitor's pass. We have already requested this pass in preparation for your appointment. We will provide this pass at the location that was confirmed by us via email. Do not forget to bring a valid proof of identity and to bring the confirmation of your appointment. When you receive your visitor's pass you will receive more information about the continuation of your trip on our company site. Always park your vehicle at the designated parking spaces.

When you need Personal Protective Equipment (PPE) for your visit, they will be provided by the department to visit.

#### Entering the Company premises

The General Safety Rules apply to our company site. As a visitor to our company you must have taken note of these rules and regulations prior to your appointment. [More information about visiting Tata Steel in IJmuiden can be found here.](#)
